Johnson Machinery Co. was in this city Saturday, with a view of establishing a branch shop here under the supervision of a gentleman named Frank Spooner, who accompanied him here. With a little effort on the part of the people of this city in procuring him a suitable location it is not unlikely that the enterprise can be added to the city's resources.

Rev. J. E. Kerr returned last Monday from Brunswick, Mo., where he attended the spring meeting of Presbytery. He reports a very pleasant and profitable meeting. Mr. Kerr was elected by the Presbytery as commissioner to the General Assembly which meets in Fort Worth, Texas, May 18, 1905. The state of Missouri will be represented in the assembly by six ministers, and it is quite an honor to be one of the six.

I. C. Uptegrove's House Burned.

Last Monday evening about 4 o'clock fire was discovered in the roof of I. C. Uptegrove's fine 7 rooms cottage and in less than an hour all that remained of the building was a pile of smoking ruins. Nothing from the kitchen, cellar or attic was saved, the furniture and goods in the rest of the rooms were carefully carried out in the street away from danger. One set of Haviland china was removed and not a piece broken. All the furniture was also taken from the residences of E. B. Pegram and Harry Jacks, as it looked to be an impossibility to save the former residences which was less than 10 feet from the burning building. But the bucket brigade, always to be depended on, with the assistance of water tanks worked heroically and kept the flames from spreading. Quite a number of the brigade distinguished themselves as fire fighters, while, as at all fires, there was the usual crowd to stand around in the way of those who wanted to work.

Mr. Uptegrove's loss will be quite heavy as there was only \$1000 on the house and \$500 on the furniture and household goods.

All kind and sizes of drain tile and sewer pipe for sale by the LACROSSE LUMBER CO.

Mr. J. Estes and family of Montgomery, who have spent the winter in Texas, are visiting Mrs. L. Maupin.—Optic News.

Montgomery County

Sunday School Association.

Pursuant to a call issued by the president, the executive committee of the Montgomery County Sunday School Association met in the Presbyterian church in Wellsville Tuesday afternoon. All townships were represented but Lower Loutre. Devotional exercises were conducted by Dr. C. H. Rigg of Middletown.

The organization of Upper Loutre township was effected by the election of H. C. Turner, Pres., and Miss Blackwell, Secretary. The place for the annual county convention to be held August 1st and 2nd was designated as Mineola Springs.

An aggressive Sunday School campaign was arranged for the summer. Township conventions to be held two each month, between now and the county convention.

Danville and Prairie townships will hold their meetings in July, the former, July 30th, at New Florence, the latter July 20th. Upper Loutre township will meet June 25th at Wellsville. A motion was carried that other townships be requested to arrange dates for their conventions, two in May and one in June.

Mr. H. E. Scanland of Mineola was selected as the representative of Montgomery county to attend the International Sunday School Convention at Toronto, Canada, June 23-27.

Rev. Bowles of Jonesburg and Rev. White of Wellsville, were present and pledged their hearty support as pastors to the Sunday School work.

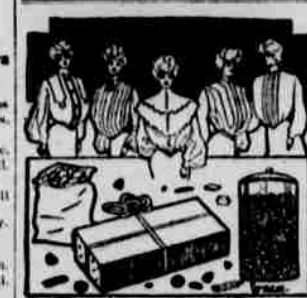

Renewed interest was awakened by this meeting, and good results are expected from the summer's campaign. F. J. BOEHMER, Pres. W. B. PATTERSON, Sec'y.

Elder W. A. Maloane, pastor of the Christian church in this city and Elsberry speaks very highly of Dr. Lichtig's work.

Next Sunday will be an important day at the Presbyterian church. Besides a service of unusual interest, there will be held an election of three additional elders and three new deacons. All the members are urged to be present.

Not a wagon load but a car load of drain tile and sewer pipe just received by the LACROSSE LUMBER CO.

The Ladies of the Methodist church will have their Easter Fair the Friday before Easter, to-day, in the Temple building, instead of Saturday as was announced last week.

LOCAL OPTION CONTEST.

Mass Meeting Held in the Court House at Montgomery City and Arrangements Made for the Battle.

A local option election will be held in Montgomery county some time in June.

At a mass meeting held in the Court House in Montgomery City last Friday evening the necessary steps were taken to procure the petition to the County Court.

Speeches were made by T. P. Middleton, J. S. Smith, T. M. Green, H. C. Turner and Claude Ball.

After a thorough discussion of the condition in the county it was decided to hold the contest this spring instead of next fall. An organization was effected with J. B. White as Chairman and Cort Stuart as Secretary. The chairman was given power to appoint an executive committee, and arrangements are now being made for a vigorous contest.

There will be speaking at the different school houses and churches in the county and an effort will be made to arouse public sentiment to the importance of the contest. The christian and temperance people of the county feel confident that the majority of the people will vote against the liquor traffic if given a non-partisan opportunity to do so.

As was truthfully said by Mr. Claude Ball in his speech at the mass meeting, "There is no moral side to the saloon." He further stated in his speech that there is not a legal saloon in the county. There ought not to be any, legal or illegal, and the people are going to have the opportunity to express their sentiments on this question at the polls. J. B. WHITE, Chmn. of Com.

If you would have perfect eyes consult Dr. Lichtig.

We wish to thank the good people of Montgomery who worked so hard and faithfully in saving our home from certain destruction last Monday evening, and assure each and every one that they have our most heart felt gratitude. MR. AND MRS. E. B. PEGRAM.

Colored School Closing.

The closing exercises of the colored school will be rendered at the colored M. E. Church Saturday evening, April 29th, beginning promptly at 8 o'clock.

The program will consist of dialogues, recitations and vocal and instrumental music, and will no doubt be one of the best ever rendered at the close of our school.

The present year has been one of success and progress. Almost perfect harmony has existed between teachers, pupils and patrons throughout the year. It has been our aim at all times to do for each pupil what we think best for him individually and have ever kept in mind the fact that the best interests of the school and community are maintained only by compelling each pupil to do his whole duty.

The training that our boys and girls are now receiving is to prepare them for the men and women of the future and upon the teacher rests a large part of the responsibility of framing a character that shall be either a credit or detriment to the community in which he lives. In fact, in some instances, where the parents are careless and neglectful the best training the child receives, comes direct from the teacher. We feel that our work this year has been successful and invite all to attend our closing exercises. W. ROSS.
